

## PCS North East Environmental Policy 2024

North East pet crematorium offers a wide range of services: guaranteed individual pet cremations, companion pet cremations, Internment of Individual pet ashes within a columbarium Vault within the gardens, clinical waste disposal, supply of associated consumables & management systems for example Crem Tracker for Tracking Individual Cremations and Waste management systems.

We acknowledge that our day-to-day operations have an impact on the environment and have identified the key aspects that contribute to our environmental and carbon footprint:

- Consumption of incineration fuel, electricity, gas
- Waste production and disposal
- Paper usage
- Mileage by fleet vehicles for collections and deliveries
- Procurement of goods and services contributing to emissions and pollution

PCS North East is committed to enhancing our environmental performance through a journey of continual improvement by working through the Investors in the Environment accreditation scheme. Our environmental commitment can be demonstrated in our established objectives and goals below:

- Compliance with all applicable environmental regulations
- Monitoring our key resource usage and implement conservation techniques to achieve our environmental targets
- Investing in efficient plant and equipment to reduce energy consumption and emissions
- Reducing the emissions associated with fleet vehicles by investing in efficient vehicles and driving techniques
- Implementing a waste management policy with a focus on reducing, re-using and recycling
- Working with suppliers to ensure they acknowledge and decrease the environmental impact of their products and transportation
- Publishing and distribution of an annual organisational sustainability report
- Undertaking independent annual audit with Investors in the Environment
